Welcome Back
It is always wonderful to return after holidays and to witness the enthusiastic greetings of staff, parents and students as we get ready for another busy term.
Students will be involved in preparing and performing at our local Eisteddfod, undertaking NAPLAN and participating in sporting events such as our Fun Run on the 8th May. Our School Fete has been postponed until further notice.

Our Staff Development Day provided an opportunity for staff to be learners. Professional Learning ensures that staff keep up to speed on educational practices that ensure high quality learning takes place in the classrooms.

We often talk about making a difference to learning and one way to support your child to access their learning is to ensure they attend school regularly. When students attend each day, they are able to build on their learning and have the opportunity to develop friendships with their peers. At Narrabri Public School we encourage regular attendance and will make contact to ensure that every learning opportunity is maximised. At the end of the newsletter you will find the Departments Compulsory School Attendance information for parents.

Over the next two weeks, Sharon Philpot (Community Development Worker) will be sharing with students in all classes, information on Protective Behaviours. The information presented reinforces for students how to make sure they are safe and examines the network of people who help them to be safe. Sharon’s presentation compliments our PD Health programs.

This term I will be your Relieving Principal and I look forward to my new role working with students, staff and parents, ensuring educational outcomes continue to be our focus.
